UltraRAD Signs Desert Health Imaging, LLC *Sales & Support Expands in Arizona*

West Berlin, NJ – January 3, 2005 - UltraRAD Corporation recently expanded its sales and support efforts in Arizona by signing Desert Health Imaging, LLC as a distribution channel for the UltraPACS product line.

“This partnership will allow Desert Health Imaging the ability to offer our customers a true PACS and Archiving solution at a great price,” says Daniel Olguin, Sales and Marketing Manager for Desert Health Imaging, LLC. “We are excited to announce this partnership.”

UltraRAD Corporation, provider of fully-integrated, scalable RIS/PACS systems joined forces with Desert Health Imaging, LLC, a leading retailer of X-Ray Equipment and Supplies. As UltraRAD Corporation continues to grow and expands its product line, further sales expansion is advantageous to continued success.

Desert Health Imaging, LLC, founded in 1978, is a fully accredited distributor for all major manufacturers of x-ray film and accessories in the desert southwest.

They also maintain service and distribution facilities in Flagstaff, Tucson and Phoenix, Arizona.

A founding shareholder of National Healthcare Distribution (NHD), Desert Health Imaging, LLC has a history of supporting customers nationwide with the individual attention only a local company can give, which makes them a perfect fit for UltraRAD. UltraRAD Corporation has always focused on a national initiative to provide customers with the tools they need to facilitate excellent patient care and still provide the assurance that each customer will receive individual attention with unparalleled service and support.

“UltraRAD is extremely excited to further expand our sales and support efforts in Arizona, and we look forward to everything Desert Health has to offer,” says Tom Goliash, President and CEO of UltraRAD Corporation. “We will continue to work together combining our efforts to provide every facility with a reliable, flexible and secure RIS/PACS system.”
