UltraRAD Corporation Announces United Marketing Group as a National Authorized Distributor

West Berlin New Jersey, April 17, 2006, UltraRAD Corporation is pleased to announce that we have recently expanded our coast to coast market by signing UMG Medical Imaging (United Marketing Group, Inc) as a national authorized distributor. UMG Medical Imaging (UMG) is a New York Corporation, with over 225 dealers throughout the United States.

Through this agreement, UMG dealers will distribute UltraRAD PACS Solutions to all private practice (non-hospital) clinical markets, including surgical centers, and ambulatory care facilities, chiropractors, podiatrists, urological facilities and the veterinary market.

UltraRAD Corporation, provider of fully-integrated, scalable RIS/PACS systems is extremely excited to expand our sales channel throughout the U.S. market with UMG. UMG has chosen our UltraRAD™ brand digital imaging solutions to ensure their dealers get the “best of breed” in PACS Solutions. UMG dealers will provide a full suite of scalable digital imaging solutions including systems for Image Distribution, Acquisition, Viewing, and Archiving.

UMG has been actively involved in the medical imaging industry for over 20 years, providing outstanding customer service to their dealers, with continuous education, training and support. UMG is also a national distributor for Fuji private practice film, FCR computer radiography systems and DryPix imagers. UMG has continuously adapted to market trends to facilitate growth through technological advancements. UMG’s move to digital imaging provides their dealers with state of the art solutions to meet the changing needs of their customers.
