

ULTRARAD CORPORATION

ULTRAPREFETCH

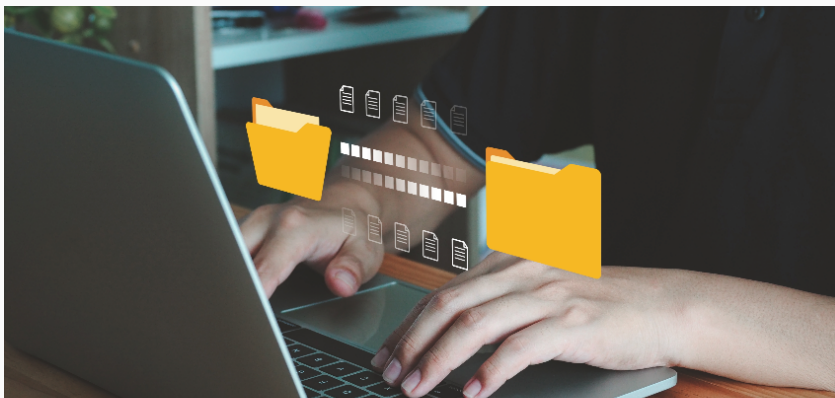

Automated Vendor-Neutral Prior Study
Retrieval Engine

Efficient DICOM Study Management

Discover the innovation of UltraPREFETCH, an advanced system streamlining DICOM study retrieval and management. Seamlessly handling scheduled orders or incoming DICOM data, it efficiently queries archives based on customized criteria. Utilizing UltraRAD's smart routing feature, studies effortlessly move to viewing stations, freeing up radiologists' time for analysis. Its adaptable nature supports diverse DICOM environments, optimizing workflow efficiency. Integrated effortlessly within UltraRAD systems, UltraPREFETCH simplifies metadata for storage and retrieval needs. Elevate your facility's performance effortlessly with UltraPREFETCH—connect with us today to explore its seamless capabilities.
